

MIGHTY MUSCLE CAPABILITIES STATEMENT

ABOUT MIGHTY MUSCLE

20 years ago, our journey began in Tuscaloosa, Alabama, where we started as a humble cleaning company serving student apartments at the University of Alabama. Our commitment to excellence quickly gained local recognition. As we expanded, our dedication to top-notch service attracted numerous contracts, propelling us forward in the facilities management industry. We evolved into a full-service company, offering tailored solutions to our clients' needs.

Today, we proudly announce the acquisition of a 7548-square-foot building in Ensley, Alabama, serving as our central hub. This new facility reflects our commitment to growth and exceptional service. At Mighty Muscle, reliability, efficiency, and excellence are at our core. Mighty Muscle engages in a versatile business approach, offering services as a prime contractor, subcontractor, teaming partner, or joint venture participant in pursuing federal contracts.
